Experience

FRONTEND DEVELOPER, INTERN | TELCONIX | AUG 2025 – PRESENT

- **Leading** frontend design and development for Telconix-FONU products using **Next.js** and **Zustand** for state management, delivering **intuitive** and **responsive** user experiences across **web and mobile platforms**.
- **Spearheaded UI/UX optimization** initiatives to enhance **scalability, performance, accessibility**, and **security**, resulting in improved **user engagement** and **system reliability**.
- **Integrated backend APIs** and **third-party services** into frontend applications, ensuring **seamless functionality** and **optimal user experience** through robust **service integration**.
- **Collaborated** with project managers, designers, backend engineers, and marketing teams to align technical execution with business objectives and design goals.
- **Implemented** comprehensive **testing strategies** including unit and UI tests to maintain code quality, detect bugs early, and ensure stable frontend codebase delivery.
- **Optimized web application performance**, focusing on maximum speed, scalability, and responsiveness across multiple devices and browsers.
- Provided **technical support** for **user interface** issues and worked directly with users to resolve **frontend challenges**, improving overall **customer satisfaction**.

JUNIOR APPLICATION DEVELOPER, INTERN | PHLEX PAYMENT LIMITED | JAN 2024 – JUN 2024

- **Spearheaded** the development of a fully responsive landing page for a key partner, **Wema Bank**, to promote their Agency Banking (POS) service, directly supporting their B2B client acquisition goals.
- **Built** real-time transaction notification dashboard using WebSockets and RabbitMQ, **providing** operations team with instant visibility into 1,000+ daily payment transactions.
- **Led** team of 3 interns to **create** automated transaction reconciliation service, **identifying** and **processing** 95% of failed payments and **enabling** customer refunds.
- **Authored** comprehensive developer documentation, **reducing** new team member onboarding time by **60%** and **ensuring** seamless knowledge transfer.

Open-Source Contributions

ASTRONVIM COMMUNITY | COC.NVIM EXTENSION FIX | JUL 2025

- **Diagnosed** and **resolved** critical plugin conflict affecting 5,000+ developers, **eliminating** auto-completion disruptions through strategic key remapping.
- **Contributed** accepted pull request that **delivered** seamless out-of-the-box experience, **removing** manual configuration requirements for entire user base.
- **Enhanced** developer productivity by **fixing** major functionality barrier, **improving** workflow efficiency for active community members.

Education

BABCOCK UNIVERSITY | JULY 2025

- BSc. Computer Science (Information Systems).
- **Relevant Coursework**: System Design, Data Structures and Algorithms, Object-Oriented Programming, Software Engineering, Web Development.
- **Certifications**: Graduate Member, Computer Professionals Council of Nigeria (GMCPN), New Horizons Certification (including CompTIA A+ (Core 1 & 2), Oracle Database 12c Administrator Certified Associate, Oracle Certified Professional (OCP), Java SE 8 Programmer)
- **Leadership Role**: Front-End Development Mentor (Babcock University Computer Club)

Skills

- **Programming Languages:** JavaScript, Java, C++, Node.js, TypeScript, Express.js, React, Vue, HTML5, CSS, Next.js, Nuxt.js
- **Database**: MongoDB, MySQL, Oracle, SQLite, Drizzle ORM
- **DevOps & Tools:** Git, OpenAI, Cloudinary, Vercel, Figma
